

### New in Catalog 31

Welcome to our new Catalog 31. Whether you are a machinist, tool and die maker, mechanic, carpenter, hobbyist or homeowner, this catalog offers the measuring tools and saw blades to make your job easier. If the measuring solution you need is not in this catalog, ask us or visit our website at [www.starrett.com](http://www.starrett.com) – we make thousands of custom specials to satisfy your requirements.

In this latest edition, we have color coded our product sections at the corner of each page (see the Table of Contents for detail) in order to help you find what you are looking for more easily.

We have a number of new and exciting products in this catalog as listed below including DataSure™ Wireless Data Collection System and our new Galileo® EZ Vision Platform.

Last year in our 125th Anniversary Catalog, we introduced our Global Series® tools and we have expanded the line this year. Look for those products identified with the Global Symbol  throughout the catalog. Regardless of country of origin, the Starrett name is your assurance of unmatched precision, quality, service and support. After more than 125 years, Starrett remains the “World’s Greatest Toolmakers” – the continued standard of excellence.
