

Outside Micrometers

Outside Micrometers - No. 230RL Series 0-1"

This is the jewel of precision micrometers used by skilled workmen worldwide. The spindle and anvil are sized at .235 (6mm) to reach places most micrometers cannot reach.

Readability Features

- Starrett satin chrome finish – no glare –resists rust
- Advanced sleeve design with staggered lines and distinct figures for precise and easy readability
- Quick-reading figures – every thousandth numbered on inch tools
- Convenient decimal equivalents on inch tools

Ease-of-Handling Features

- Balanced frame and thimble design insure easy handling and better readability
- Ring-type knurled lock nut for quick and sure locking
- A choice of smooth friction thimble for uniform pressure or the combination ratchet and speeder for uniform pressure and quicker adjustment
- Gracefully designed tapered frame for use in narrow slots and tight places

Accuracy and Long-Life Features

- Rigid one-piece frame of drop forged steel
- Extremely hard and stable one-piece spindle (the heart of our accuracy)
- Micro-lapped measuring faces
- Quick and easy adjustment
- Starrett workmanship
